

IV. Old School - Creation of Assignments

- A. Workbooks, Cut and paste, copies, overhead transparencies, office supplies, etc
- B. Folders, binders, notebooks, filing cabinets and other organizational tools and methods for students and teachers
- C. Grade books, calculators and storage of papers

V. New School – Using Technology

- A. Creation of assignments
 - Word, Publisher, Smartboards, etc. – ability to utilize a variety of sources

- B. Save as PDF and make available (publish) to students

- Schoology (filing cabinet)
- Showbie (drop box)
- other systems: Google Drive, Drop Box, email

- C. Students join “classes” at the beginning of the year/semester with a code

- Showbie
- Schoology

- D. Students do the actual work in their notes app and then “submit” or “drop” the work into a designated drop box

- Notability or Notes Plus
- Showbie

- Schoology

E. Teacher grading and returning work to students

- Schoology: comments can be posted and shared, points given, gradebook available

- Showbie: can be actually written on and comments exchanged back and forth.

VI. "There is a fifth dimension beyond that which is known to man. It is a dimension as vast as space and as timeless as infinity. It is the middle ground between light and shadow, between science and superstition, and it lies between the pit of a man's fears, and the summit of his knowledge. This is the dimension of imagination. It is an area which we call... The Twilight Zone" ... moving from paper to technology."

- We have only begun to make the change from paper to technology

- What our imaginations create today will be the foundation of education in the future

Final thought that I leave my Students with: Breath and Smile, do the "dance" to make it work and breath and smile some more!

Bonus: Math apps
